MEL for Local Solutions Programming in Papua New Guinea

PRACTITIONERS FORUM
**ADAPTIVE PROGRAMMING AND
MONITORING, EVALUATION & LEARNING**

JUNE 5-6, 2018
The Makati Shangri-La Hotel | Philippines

Abt ASSOCIATES

Australian Aid
The Asia Foundation
The Australian Embassy - The Asia Foundation Partnership in the Philippines
COALITIONS for CHANGE

Focus: Local Solutions/Districts Provinces

- A strong focus on districts (including DSIP funds)

- Adapting with changing policy focus on provinces
  - collaboration among state actors and between state and non state actors is more likely if connected to locally important and contextualised problems
  - Service delivery and economic opportunity
  - Linked to governance capabilities
  - Linked to citizens

Supporting Local Solutions
For service delivery and economic opportunity

Subnational Engagement

- Local presence
- Peer learning
- Community of practice
- Coordination with other investors and

Kina + Kina Fund

Church, community participation programs

Evolution

District Status Update

Political Economy Assessment

District Profiles

Survey

Governance Assessment

Policy Research

Baseline Status

Service Delivery Economic Opportunity
- Provincial development plans
- District development plans
- GoPNG data

Governance Capability
- Self/Rapid Assessment
- Allied governance indicators
- DPLGA Competency Framework

Citizen Perceptions
- PNG
- District/Province
- Local Solutions

Implementation

Facilitation

Outcome Mapping
- Progress markers
- Boundary partners
- Competencies

Co-Financing Enhanced Subnational Support

Training Opportunities

Social Accountability/Coalitions Communication (C4D) Media
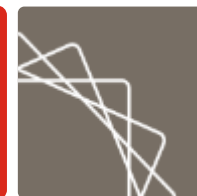

Lessons learnt

- Timeline/ reality of appropriateness of baselines

- Data/surveys

- Common languages

Common languages

- Many stakeholders

- Different view points

- ✓ As a governance program

- ✓ DPLGA as a policy agency- implementing policy (DDA Act, SDPA)

- ✓ DDA/Open Member

- ✓ Other stakeholders

Outcome mapping

	Service Delivery	Economic Opportunity	Governance	GESI
Case 1 Mul Baiyer Lumusa	Recurrent management and operations of road works equipment enable and maintain road access	Investments are in place that support communities to leverage investment opportunities	DDA Governance is better placed to capture and utilise internal revenues	Inclusive community are informed and engaged in investment related opportunities and risks
	Expect to see: clear map of all assets and their maintenance requirements.

Like to see: A maintenance schedule.

Love to see: District works assets operational and maintained on schedule. | Expect to see: Investors are attracted and engaged

Like to see: Communities leverage investment opportunities

Love to see: Communities increase income | Expect to see: clear process and systems are identified by DDA

Like to see: Revenue from investments are captured

Love to see: Revenues are utilised for local service delivery and economic opportunity | Expect to see: communities are engaged in investments

Like to see: communities are aware of opportunities and risks

Love to see: communities are built and ready for investments |
