Double Track Development Plan

Double Track Development Plan

As Backbone

Immediate Phase (2017 – 2021)

7 sections: 993 km

- 1 Chachoengsao-Khlong19-Kaeng Khoi **APPROVED**
 - 2 Jira Junction-Khon Kean **APPROVED**
 - 3 Mab Kabao-Jira Junction
 - 4 Lopburi-Pak Nam Pho
 - 5 Nakhon Pathom-Hua Hin
 - 6 Nakhon Pathom-Hua Hin
 - 7 Prachuap Kiri Khan-Chumphon
- Expected to operate in 2023

Medium Phase (2022 - 2026)

7 sections: 1,483 km

- 1 Pa Pak Nam Pho-Den Chai
- 2 Den Chai-Chiang Mai
- 3 Khon Kean-Nong Kai
- 4 Jira Junction-Ubon Ratchathani
- 5 Chumphon-Surat Thani
- 6 Surat Thani-Hat Yai-Song Kha
- 7 Hat Yai-Padang Besar

New Line (2017 – 2021)

2 sections: 681 km

- 1 Den Chai-Chiang Rai-Chiang Khong
 - 2 Ban Pai-Mukdahan-Nakhon Phanom
- In the process of Bidding

New lines, next phase

- 1 Mae Sot-Tak-Kamphaeng Phet-Nakhon Sawan
- 2 Nakhon Sawan-Ban Pai
- 3 Si Sa Ket-Yasathon-Roi Et
- 4 Ubon Ratchathani-Chong Mek
- 5 Kanchanaburi-Ban Phunamron
- 6 Kanchanaburi-Suphan Buri-Ban Phachi Junction
- 7 Sriracha-Rayong
- 8 Map Ta Phut-Rayong-Chanthaburi-Trat
- 9 Chumphon-Ranong
- 10 Sarat Thani-Phangnga-Tha Nun
- 11 Sarat Thani-Don Sak
- 12 Thap Put-Krabi

Status as Dec 2020

Under Construction

Propose to Cabinet

APPROVED

Approved by Cabinet

Motorway and Railway Master plan 'MR-Map'

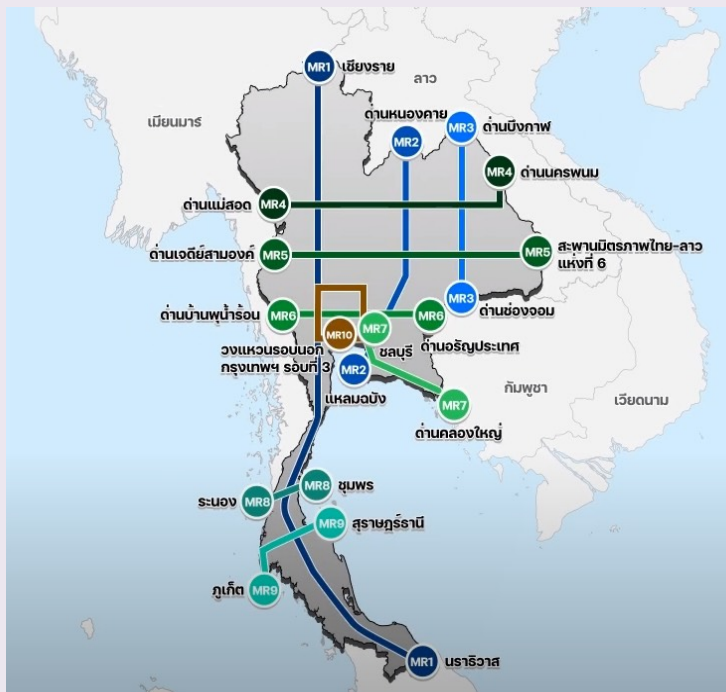

Motorway and Railway Master plan 'MR-Map'

North – South Corridor Routes 2,620 km.

- MR1 Chiang Rai – Songkla 1,660 km.
- MR2 Nong Khai – Laem Chabang 490 km.
- MR3 Bueng Kan – Surin 470 km.

East – West Corridor Routes 2,380 km.

- MR4 Tak – Nakhon Phanom 710 km.
- MR5 Kanchanaburi – Ubon Ratchathani 830 km.
- MR6 Kanchanaburi – Sa Kaeo 310 km.
- MR7 Kanchanaburi – Trat 220 km.
- MR8 Chumphon – Ranong 120 km.
- MR9 Phuket – Surat Thani 190 km.

MR10 The 3rd Bangkok Outer Ring Road 283 km.

The agenda involves integral system of motor ways and double track meter gauge railway.

Objectives

- Establishing conclusive logistics network for ASEAN community
- Connecting local manufacturers to international markets
- Improving urban planning that enable international trade accessibility
- Providing safer and more efficient transport network.

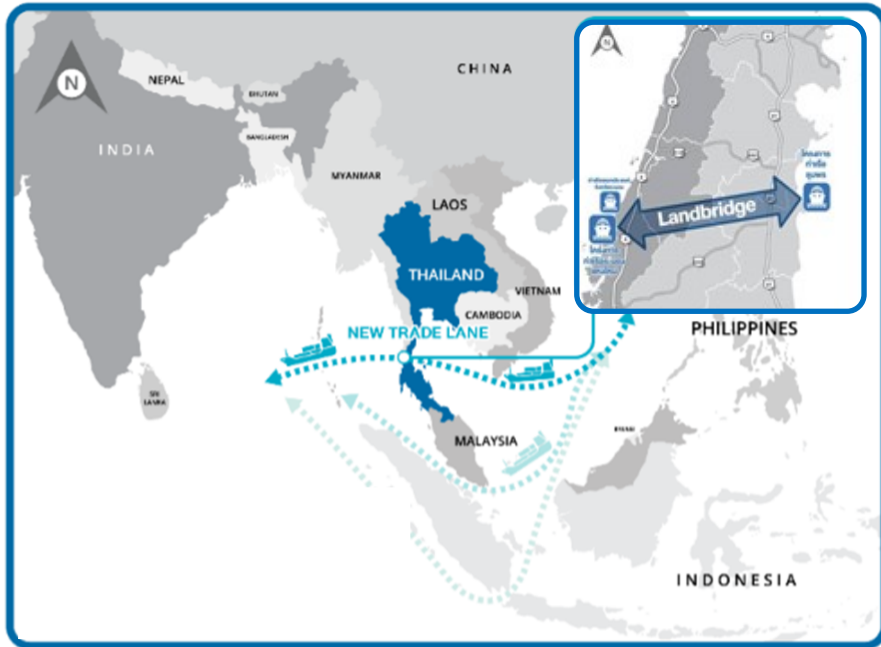

Motorway and Railway Master plan 'MR-Map'

5

Land Bridge Project

Land Bridge Project

The development of Portal infrastructure connecting Andaman shoreline to the gulf of Thailand enabling Thailand to be the shortcut route for inter-ocean transport between the Pacific Ocean to the Indian Ocean, enhancing Thailand geographically advantages in driving economic growth as a shortcut route from India and pacific ocean, allowing economic growth benefit

Expected PPP investment value of **100,000 Million Baht**

Benefits of Land Bridge Project

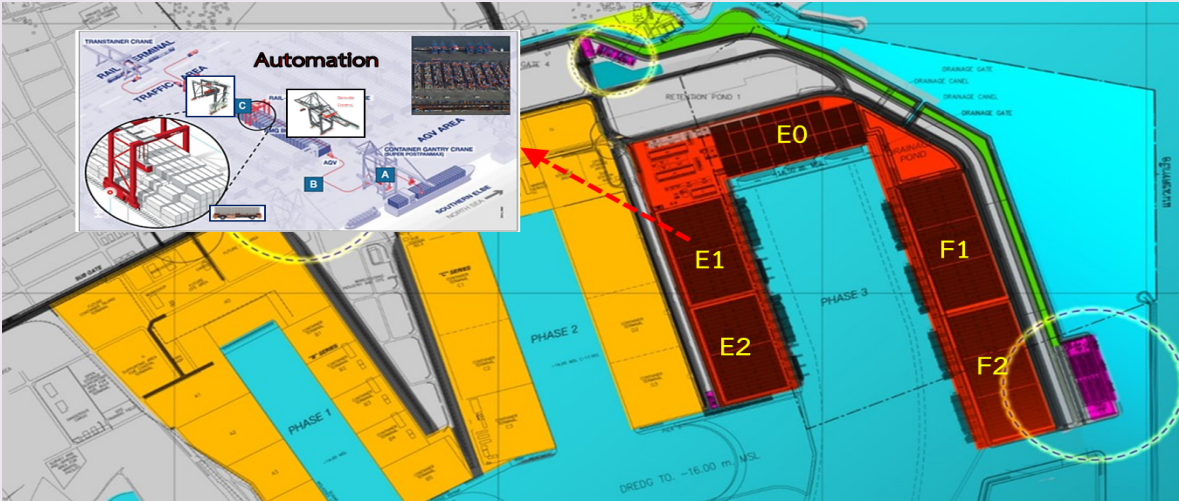

6

Laem Chabang Port Project

Phase 3

Laem Chabang Port Project **Phase 3**

Investment : 114,046 million baht

Status : Under the process of signing agreement.

Development of Laem Chabang port in the 3rd phase will;

- Increase the capacity of transporting containers **from 11.1 million TEU to 18 million TEU per year.**
- Upscale the capacity of automobiles import/export **from 2 millions to 3 millions cars per year**
- Escalate the transshipment volume to rail freight transport via Laem Chabang port **from 7% to 30%**

7

EEC: High Speed Rail

Connecting 3 Airports (DMK-SUV-UTP)

EEC: High Speed Rail Connecting 3 Airports (DMK-SUV-UTP)

Project Information

Distance **220 km** Maximum Speed **250 km/h**

Investment **220,435 Million Baht**

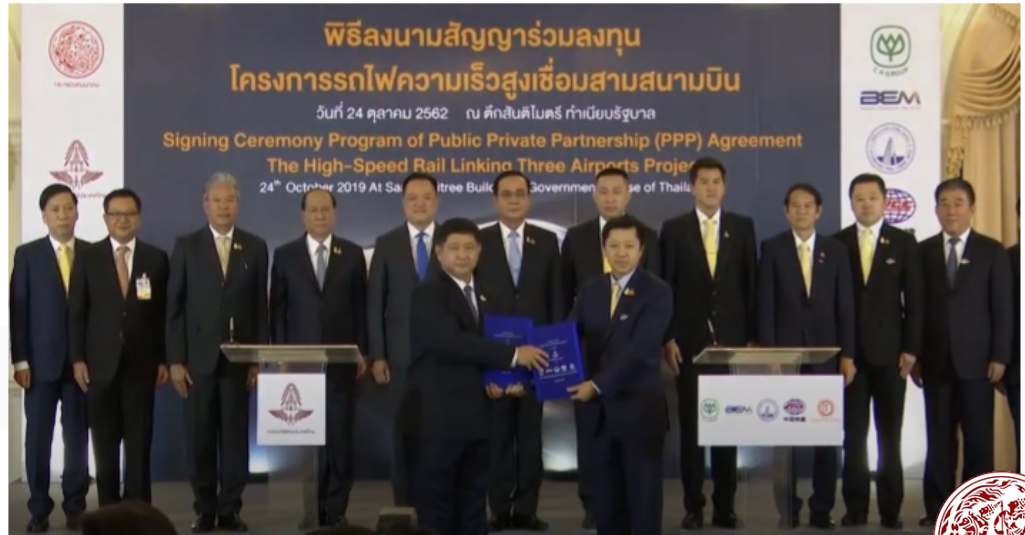

Expected to open in **2024**

Status SRT has signed contact with the joint venture group of Charoen Pokphand Holding Company Limited and alliances on 24 October 2019.

Boost economy in EEC area , Attract investors

Enhancing faster, safer and more reliable way to commute
between Thailand's designated airports and EEC area

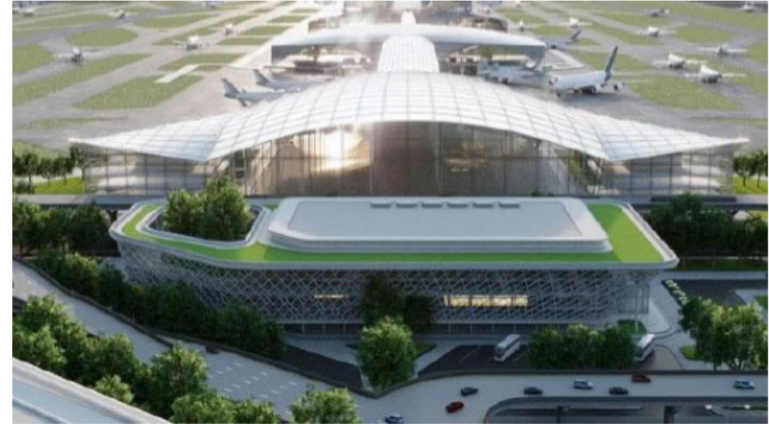

EEC: Aviation Industrial Hub

EEC: Aviation Industrial Hub

U-Tapao Airport and EEC Aviation Industrial Hub

1. Global Gateway to EEC and introducing to the World as Thailand 's third Bangkok Airport
2. Aviation Hub facilitating 60 million passengers per year
3. Airport City : Business center, connecting transports with HSR and local trains, Free Trade Zone, Logistics Hub and Aviation Training Center
4. PPP (airport management and commercial areas) for the period of 50 years
5. Investment worth 290,000 Million Baht
6. Economic return value of 189,000 Million Baht (IRR =30.1%)

Thank you
